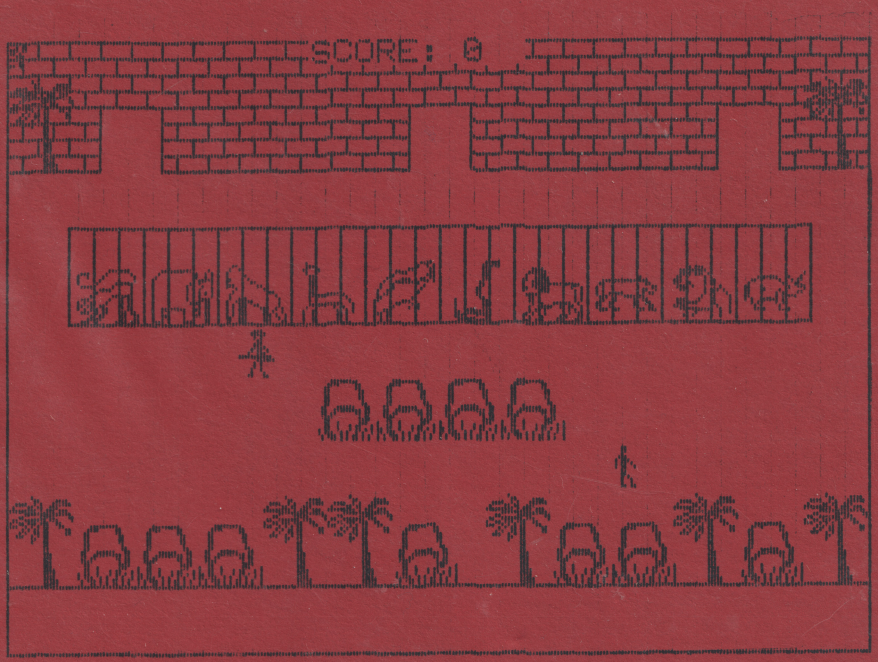
## The Environment Life Dynamic

A Self-Transformative Experience About **Environments** that's Enjoyable, Unique, and Extremely Intuitive

A Sample of the section we call
**"TURN 'EM LOOSE!"**



**Only $15.95 (disk)** **Apple II plus 48K**

• AVANT-GARDE CREATIONS P.O. Box 30161 EUGENE, OR 97403

All the games produced by Avant-Garde boot on both 3.2 and 3.3. (Remember though, they are really 3.2 disks with a special **double-boot** program.)

We have found that there is a majority of 3.3 Apples* now in use, so our business programs and our programmers' utilities are now all DOS 3.3

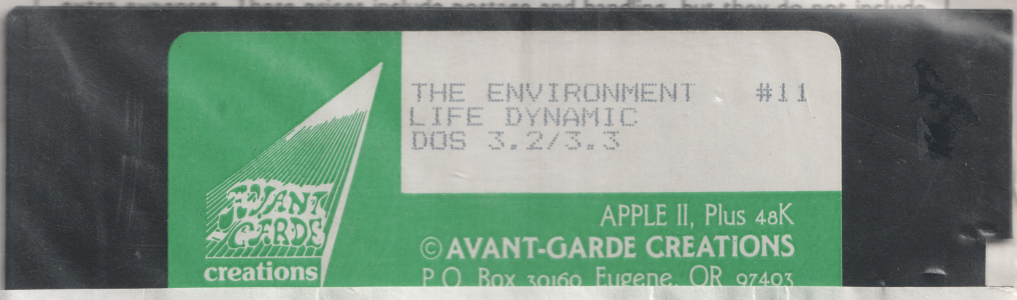
All of our educational software will boot either DOS 3.2 or 3.3 unless specified (like Sentence Diagramming which doesn't lend itself well to a double boot version).

If you do have DOS 3.2 only, we still have 3.2 versions of all disks. If you specify 3.2 with your order, we can send you a 3.2 version. If you don't specify, you will get a 3.3 version.

If you have ended up with the wrong version, we will update your disks (you **must return** them) at the following rates:

1 disk: $5.00
2 disks or 2 sides: $6.75
3 disks or 3 sides: $8.50
4 disks or 4 sides: $10.00
5 disks or 5 sides: $12.50
6 disks or 6 sides: $15.00
7 disks or 7 sides: $17.50
8 disks or 8 sides: $20.00

If you specify, as our order form requests, you won't have to incur any of these



PLEASE
